METAL STORY

Alexander Rose presented themselves to the metal furniture market with the outstanding Portofino collection in 2012, made of wire mesh combined with tubular steel. Our objective was to design eye-catching pieces of furniture that would bring a refreshing look to a new market for Alexander Rose. Nine years later the collection is still going strong and we have now added a corner casual dining set and a new swing seat.

In 2015, we launched the Beach; a design collaboration with UK based designer, Carsten Astheimer and our in-house Head of Design, Alan Morley. The modules are made from powder coated aluminium frames, supporting unique pillow style cushions with a toggle fixing. The modules can be connected together to create limitless design possibilities, allowing you to create your own layout to suit your space and style.

In 2019 we introduced the stunning Cordial Lounge, made from aluminium frames and marine-grade rope to create a visually breath taking set of furniture that is equally at home, outdoors and indoors.

2020 saw the introduction of Cordial dining, with table tops made in a choice of slatted Roble hardwood or an elegant dark grey textured compact laminate. For 2021 we have added a wide rope modular lounge set to complement this fashionable collection.

The mark of
responsible forestry

Look for FSC® certified products

Alexander Rose is committed to contributing to a more ethical and sustainable world. All of our furniture ranges have been designed to minimise material wastage in the manufacturing process. We are also proud to be leading the way with our policy of eliminating single use plastics in all of our packaging.

RIMINI

In line with the ever growing trend for aluminium furniture, 2021 sees the launch of our new Rimini collection, with its very distinct design features.

The flagship items of this collection are the ten seater extending dining table with its smooth opening mechanism and the elegant designer armchairs with tapered legs. To complement the dining furniture, there is a spacious modular corner lounge set giving options for multiple configurations.

The craftsmanship of the metal workers can really be appreciated in the quality of welding and polishing of the frames, before being powder coated in a finely textured matt grey finish. The luxurious deep cushions come in a light grey colour to complement frames. All table tops come in a striking dappled grey ceramic effect glass. The extensive Rimini range will undoubtedly transform your outdoor space.

CORDIAL

Cordial is cleverly crafted from tubular powder coated aluminium frames, which have been hand woven with marine grade olefin rope with a soft rubber core, which has a faster drying time compared to unfilled ropes.

We are excited to introduce our new Cordial Luxe range into this on-trend collection for 2021, which includes a modular lounge set, two seater sofa with armchairs and a beautiful sunbed. Cordial dining options include a choice of tables to seat up to eight people, with the choice of grey or beige frames and Roble wood or HPL tops, in either pebble or sand colours to match the frames.

See page 32 for fabric options.

BEACH

Alexander Rose collaborated with renowned UK designer Carsten Astheimer to create our ultra-comfortable Beach range. Its unique design features and the way in which the waterproof pillow style cushions attach to the perforated mesh frames, by using toggles, make this collection a real talking point.

Comfort, versatility and functionality combine to make the Beach perfect for modern outdoor living.

We offer the Beach in five different fabrics as standard, and new for 2021 we are delighted to offer an additional six fabric choices from Sunbrella, the leader in outdoor fabrics.

See page 48 for fabric options.

OLEFIN CUSHION FABRIC

The high specification Beach cushions are made using a tough 405gsm/m² solution dyed olefin, with a colour fastness to light 8. The outside of the fabric has the pre-treated water proof finish applied, and on the rear side is the polyethylene (PE) layer that makes the fabric water resistant. Cushion covers are sewn using an unbreakable outdoor rot-proof marine grade thread, giving a lifelong strength to the seams.

VENTED MESH PANEL

In each of the seat and back cushions there is a sewn in vented mesh panel made from our durable Rose Sling material; this allows the air to escape when in use and returns the cushion back to its original shape after use. This design feature gives the Beach that luxurious sinking sensation and all round comfort.

8801FLGR 8802FLGR 8803FLROB 8805C

CUSHION TOGGLE

The cushion toggles are made from hard-wearing colourfast ABS (Acrylonitrile Butadiene Styrene) and are fitted with an elasticated waterproof cord with a natural rubber core and a braided polyester outer sleeve. The toggle cord is joined together with zinc plated metal crimps and covered in a plastic sleeve in order to protect the paint finish of the frames. The toggles are easily fitted by the customer through the perforated holes in the frames.

HOLLOW FIBRE FILLING

The soft hollow fibre filling is fitted inside a breathable polypropylene (PP) interliner. This casing has excellent abrasion and antibacterial qualities. The internal 'pillow' is made up in compartments, which prevents the filling material from moving around and losing its shape over time.

PORTOFINO

The Portofino Collection of garden furniture has been one of our most successful collections of this decade and offers style and simplicity.

Precision is the hallmark of this collection and this is demonstrated in the intricate way the mesh and structure blend together, fusing lines, shapes and patterns in the designs of the tables and chairs before applying a smooth powder coated finish

New for 2021, we have introduced a sleek six piece casual dining set and relaxing swing seat that transforms into a swing bed, making our Portofino range perfect to suit your requirements, from dining to lounging.

See page 71 for fabric options.

ACCESSORIES

Enhance your outdoor space with our extensive range of **accessories**; from colourful scatter cushions and parasols to protective furniture covers and treatments.

We offer a selection of weather resistant storage bags for your cushions, which we recommend you use to protect them from the elements.

For personalising your timber furniture, we offer an engraving service directly onto the timber or a choice of brass or stainless steel plaques.

For full warranty policy on our range of **accessories** please refer to our website.

HARDWOOD PARASOLS

Alexander Rose hardwood parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise your parasol up to the desired height and place the brass pin in one of the pole holes to secure. To lower the parasol remove the

locking pin and slowly let the rope pass through your hands until the canopy is folded. We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

LUXE HARDWOOD PARASOLS

A twist on our classic hardwood parasol, the Luxe hardwood parasol is a new edition for 2021. With the same trusted pulley and locking pin system, what's different about this parasol is the addition of faux leather patches covering the canopy's tips to

reinforce the material. The thickness of the parasol's pole has been increased, making for an all-round sturdier parasol. We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

CANTILEVER PARASOLS

Our elegant cantilever parasols can be positioned to provide maximum shade. They appear to float above the furniture and can be manually rotated to follow the sun. They are free standing, which allows you to position the furniture underneath rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

UH35

The UH35 is an 8 spoke 3.5m cantilever parasol. As with the UHP, its easy crank mechanism makes raising and lowering one smooth movement. The canopy can be adjusted into 7 positions to give maximum shade from the sun. Use with our UHGB90 granite base. The UH35 comes with a free night cover.

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame. For best results use a soft brush or broom and warm soapy water. For more stubborn stains the canopy can be removed and washed at 30°C. Once washed it is important to put the canopy back on the frame to dry.

CANTILEVER PARASOLS

UHP

The UHP parasol is easy to operate with the simple handle and lock mechanism. To rotate the parasol simply unlock the handle and move into the desired position, and then lock the handle to secure. The UHP can be easily bolted to an Alexander Rose UHGB50 granite base. To be used with a FC17 cover.

UH30

The UH30 is an 18 spoke curved 3.0m cantilever parasol. As with the UHP it is easy to raise and lower the canopy with a crank handle mechanism. The canopy can be adjusted into 7 positions to give maximum shade from the sun. The parasol also has a foot operated pedal for 360° rotation. For use with the UHGB90 granite base. Comes with a night cover.

CANTILEVER PARASOLS

GRANITE BASES

We recommend using the GB11 (11kg) for a four seater set and GB20 (20kg) or GB30 (30kg) for six seater sets or more.

COMPOSITE BASE

The composite base is for use with parasols being used through the centre of a table.

It has a locking handle on the stem of the base to secure the parasol in place, minimising movement.

CANTILEVER BASE 50KG

The UHGB50 base is designed to be used with the UHP range of cantilever parasols.

It has convenient small wheels, allowing the base to be moved along a flat surface easily.

CANTILEVER BASE 90KG

The UHGB90 base has been designed to be used with the UH35 and UH30.

The UHGB90 has locking wheels to secure the parasol and prevent any movement.

CUSHION STORAGE BAGS

CUSHION STORAGE BAGS

Our cushion bags come in three sizes; small, medium and large, to accommodate your set of cushions. All of our bags are weather resistant. We recommend storing the cushions in the bag in a dry place when not required.

SMALL CUSHION BAG

The small cushion bag is designed for furniture cushions, it will also hold several scatter cushions.

FURNITURE COVERS

Our covers are breathable and protect against the build up of dirt and ensure less furniture maintenance is required. The covers come with ties and cords for securing to the furniture. It may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging and will help the airflow around the furniture. This will prevent the chance of rotting occurring.

PORTOFINO CUSHIONS

CUSHION INFORMATION

These dainty cushions now come in a range of five colours, giving you more choices to create your own style with. The cushions are made from polyester and have a comfortable foam filling. They are easily secured onto the chair using the cushion's corner ties. When not being used, we recommend the cushions are stored in an Alexander Rose cushion bag.

CUSHION CLEANING TIPS

1. Brush off any loose dirt.
 2. Prepare a cleaning solution of 1:16 mild detergent to lukewarm water.
 3. Use a sponge or a soft bristle brush to clean.
 4. Allow cleaning solution to soak into the fabric.
 5. Rinse thoroughly to remove all soap residue.
 6. Allow fabric to air dry.
- Do not dry clean, iron, steam iron or tumble dry cushions. Do not use bleach or strong detergents.
